# LED STRIP LIGHT

IP 20-67   5Y WAR   Watt 21W/M   CRI >80   50,000 HOURS

Manufacturing is a design practice that works alongside those with a passion for design and production

## Application

- 1. Cove lighting
- 2. Architectural lights for canopy, corridor, window, archway
- 3. Backlight or edge lighting for signage
- 4. DIY lights for home use
- 5. Path and contour marking
- 6. Building facade lighting

## Technical Data

Power Source:220-240 VAC  
50/60HZ

LED Type: Osram 2835 SMD

Low tolerances for colour  
temperature: MacAdam 3

Humidity Storage: 10-80%

IK Code: IK01

Dimmable: DAL

## Product Details

|                |                         |
|----------------|-------------------------|
| Input Voltage  | Dc24V                   |
| CCT            | RGBW                    |
| CRI            | >80%                    |
| Power          | 21W/M                   |
| Power Supply   | Tridonic / Nassli       |
| Materials      | PC, & Friendly material |
| Life Time      | >50,000 Hour            |
| Operating Temp | -20°C to +50°C          |
| Storage Temp   | -40°C to +85°C          |
| Certifications | CE, SELV and ISO        |
| IP Rating      | IP20-67                 |
| Dimmable       | Yes                     |
| Emergency      | No                      |
| Warranty       | 5 Years                 |
